Resource**
CREATE. SHARE. INSPIRE.

Takedown Policy

This document gives details of our notice and takedown policy for resources that are reported or complained about.

Takedown Policy

My Music Resource is an online platform where music teachers and / or other music education professionals and organisations can share their digital music resources. We expect these resources to be music related, original, high quality to have educational value.

To maintain our high standards, we retain the right to decide what is shared on our site. If we receive a report or a complaint about a resource posted on the Website, we will contact the uploader concerning the report/complaint and notify them of the nature of the report/complaint. They will be asked to take appropriate action, such as editing the content of the resource to remove copyright infringing material or inappropriate content.

We will not disclose the identity of the individual who has reported or complained about the content of the resource unless we have a legal obligation to reveal their identity or the complainant has specifically asked for their details to be shared with the uploader.

If a dispute arises between a user who has reported or complained about a resource and the resource creator, we will keep the disputed resource hidden from public view so that it is unavailable for download until the dispute is resolved by the aforementioned parties.

My Music Resource reserves the right to terminate any accounts where multiple complaints are received about an uploader's resources, or where an uploader repeatedly infringes another person's intellectual property rights.
